America A History In Art

1700-1800. The art of the early settlers of America primarily revolved around handicrafts. Any paintings done were realistic portraits and historical paintings similar in style to their European ...

American Art History Timeline | Study.com

Most of early American art (from the late 18th century through the early 19th century) consists of history painting and especially portraits. As in Colonial America, many of the painters who specialized in portraits were essentially self-taught; notable among them are Joseph Badger, John Brewster, Jr., and William Jennys.

Though it has its origins in the 1950's, American pop art did not truly come of age until the early 1960's, and in fact was not called "pop art" until this time. Early exhibitions of American pop art took place in the late 1950's in New York, while Andy Warhol in particular had his first exhibition in Los Angeles, where he sold his famous soup can paintings.

American Pop Art - POP ART HISTORY

The history of art is immense, the earliest cave paintings pre-date writing by almost 27,000 years! If you're interested in art history, the first thing you should do is take a look at this table which briefly outlines the artists, traits, works, and events that make up major art periods and how art evolved to [...]

1. A brief history of the art museum - Smarthistory

This website is based on a display that opened at the National Museum of American History in March 2018. Objects pictured here may differ from those currently on view at the museum. Between the mid-1800s and the mid-1900s, art and design played an increasingly important role in industry and manufacturing in an economy driven by middle-class consumers.

Art in Industry | National Museum of American History

After enlarging the sketches for the first scenes, Brumidi began painting the frieze in 1878, at the age of 73. His design traces America's history from the landing of Columbus to the discovery of gold in California. As was common in the history books of the day, the Spanish explorers and the Revolutionary War are emphasized.

Frieze of American History | Architect of the Capitol

The Smithsonian American Art Museum's collection began modestly in 1829, when a Washingtonian named John Varden set out to form a museum in the nation's capital for his collection of European art. At first, the art was placed in a room he added to his own house near the U.S. Capitol.
