[Archive] Atr 72-500 Fctm Tech Log. Hi ClimbSequence, ATR Training Center has been publishing an FCTM for the last 2 years, but not entirely accurate and the page index system leads to reading the wrong variant, i.e. you are reading the 42-300 series, and next page is the 500 series, so reading thru you always have to watch which variant you want to follow (written vertically on the tab).

**ATR 72-500 Fctm [Archive] - PPRuNe Forums**  
n The ATR 42 is the only 50-seater aircraft in production with a secured future. It is the right size and natural choice for both fragmented and niche markets. **ATR -600 - routenetwork**  
Development for the ATR 72-600 began after its announcement in late 2007. The plane was converted from an ATR 72-500, which means that it shares many of the same parts and components, making maintenance and repairs relatively easy. The first prototype of this new aircraft flew in July 2009, with deliveries planned for late 2010.
