LABORATORY SAFETY MANUAL - Texas A&M University

CHEM 1101 is a 1 credit course designed to "bridge" the student from their high school chemistry experience to a much improved level of preparedness for a university-level chemistry course. This course takes place during the two weeks just prior to the start of the regular fall semester classes.

CHEM 1101 General Chemistry Bridge ... - Texas Tech University

For experiments that require two consecutive weeks to complete, only a single lab report will be submitted. The above rubric is for Chem 119M reports. For Chem 119H, the point total will be multiplied by 0.9, resulting in a maximum grade of 18 points.. Reports submitted after the due date will be considered late and will be graded according to the following equation:
