Principal Vs Principle Engineer

Senior engineers and principal engineers are the highest-ranking engineers. They both need to have the same training and significant work experience, such as 15 years.

Difference Between Senior & Principal Engineer

Whether it be the sweeping eagle in his flight, or the open apple-blossom, the toiling work-horse, the blithe swan, the branching oak, the winding stream at its base, the drifting clouds, over all the coursing sun, form ever follows function, and this is the law. Where function does not change, form does not change.
